[View our generic product offering here](#)

We know that your product deserves packaging with the best technical specifications, certified by the highest industry authorities, and delivered to the highest standards. We therefore make sure that all parameters are met before your packaging arrives on the retail shelf.

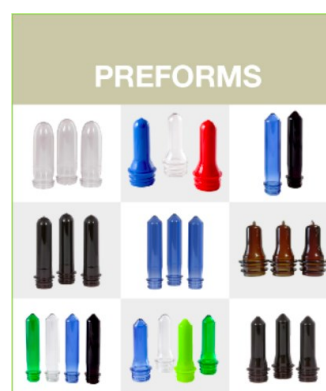

[View our closures catalogue](#)

Our FMCG operations, situated in Pinetown, KwaZulu-Natal and in Atlantis, Western Cape, manufactures a wide range of bottles, containers and wide-mouth jars together with its matching closures for the pharmaceutical, food, beverage, household and cosmetic industries.

[View our bottles and jars catalogue](#)

Both our compression plant situated in Wadeville, Gauteng and our FMCG operations situated in Kwa-Zulu Natal and Western Cape produces a large range of closures to match our preforms, bottles, wide-mouth jars and range of containers.

[View our preform catalogue](#)

Our production center in Wadeville, Gauteng, is South Africa's primary PET converter. We make PET preforms, bottles and wide-mouth jars for the food, beverage and household chemical markets.

We use a distribution network that spans across all nine provinces in South Africa and beyond, helping you to promptly respond to supply challenges and capitalise on unforeseen increases in market demand – keeping you at the top of your game and giving you the benefit of unparalleled convenience.

We value your opinion.

"Mpact Plastics is a leading producer of rigid plastic packaging and cling film in southern Africa. We operate out of nine production centres across the country providing packaging from plants with relevant certifications. We service the food, beverage, personal care, home care, pharmaceutical, agricultural and retail markets. In upholding company values, and as a supporter of the circular economy, we positively contribute to industry associations, enabling various communities to participate in recycling solutions."
