

Moments in Time 2006 calendar launch

The Moments in Time 2006 calendar - a uniquely South African product which for the past three years has touched hearts while simultaneously raising funds to fight cancer - was launched again in September this year at the Sandton Hilton.

The calendar portrays a specially selected cancer patient for each month in 2006. The common thread uniting the patients included in the calendar is their will to conquer cancer - they have all said "yes" to life in spite of their pain. The calendar is a visual expression of the fruits of the Human Spirit and irresistibly captures, through the lens of the camera: "hope in the face of despair", "passion in the face of pain", "joy in the face of sadness", and "power in the face of vulnerability".

The Moments in Time 2006 calendar is on sale for R160.00 for the A2 wall calendar, R100 for the A3 wall calendar and R60.00 for the CD desk calendar. They can be ordered online at www.momentsintime.co.za, by emailing , or by simply calling 0861 66 66 00.

The proceeds from the sale of the 2006 calendars will be allocated to needy cancer patients.
