

Swish Payments will now be known as Truevo Payments

As of 1 March 2017, Malta-founded card acquirer and payment solutions provider Swish Payments Ltd will be known as Truevo Payments following the company's rebranding. The decision to rebrand came following the discovery of a similarly-named peer-to-peer payment solutions company in Sweden.

The rebranding will only include the change of the company name and logo with no other changes for its clients or partners.
