

***Spotong* celebrates township entrepreneurs**

Township trade magazine *Spotong* recently celebrated township entrepreneurs and members of the National Tourism and Hospitality Association (NTHA) as well as Gauteng Liquor Forum (GLF) at the Dlamini Community Hall in Soweto.

The annual *Spotong* Women and Gentlemen in Business offers a platform to engage with township entrepreneurs who connect with their township communities and are essentially the driving force behind township economies. The participating township entrepreneurs participated in inspirational and motivational talks from industry leaders, were spoilt with loads of giveaways and prizes, and enjoyed the personal interaction with the many trade exhibitors on show.
