

Small business expo calling SMMEs

Now in its 10th year, the Eskom Small Business Development Expo (ESBE), which takes place 7 – 9 September 2007 at Gallagher Estate in Midrand, Gauteng, running parallel to the Franchise & Business Opportunities Expo, is calling all interested black-owned SMME owners who meet the criteria to apply for participation. ESBE facilitates direct access for SMMEs to business opportunities, including access to finance and markets, government, public and private enterprise, as well as capacity building via business development service providers.
