basic salary Cape Town Diploma Senior Permanent #NG59027 E-Merge IT Recruitment

A leader in the healthcare market committed to increasing access to affordable primary healthcare for all South Africans through its retail pharmacy and pharmaceutical wholesale businesses are looking to recruit a **senior data analyst** to work within their Internal Audit department supporting the department goals to increase efficient and effective use of data analytics by obtaining more timely access to and management of data assets.

#### **Responsibilities:**

- Assist in investigations and other management requests as necessary by gathering, sorting, and making sense of necessary data.
- Proactively search for data anomalies that could be indicative of control issues.
- Work with internal auditors to understand data needs and brainstorm ways to perform audits more efficiently.
- Drive the implementation of a continuous monitoring framework using data analytics to support the relevant internal audit projects.
- Perform special reviews of operations when requested.
- Linking of different data streams and visualisations and graphic output.

#### Qualifications and experience:

- Bachelor's degree or above in quantitative fields or related fields.
- Postgraduate degree in quantitative or related fields (advantageous).
- 5-8 years data analytics experience.
- Experience in data management, governance, data acquisition and modelling, data structures.
- and architecture.
- 3-5 years financial systems or system auditing experience.
- Experience in using visualisation tools such as Tableau and Power BI.
- Upskilling ACL and SAS.
